BARGAINS IN CORNER LOTS

In a growing city like Corpus Christi much money has been made by wide-awake people buying good business property. especially corner lots, with plenty of frontage, and that is the kind I have fur sale now on easy terms. It is consided by nearly everyone that beautiful Corpus Christi has a grand future and in a few years will have a population of fatty or fifty thousand. With such an outlook why not buy a corner or two new before the property increases in value, which it is sure to do?
